Western Australian Men's Health and Wellbeing Policy (Launch in June 2019).

RMHI has had a continuing and active role (18 months) on the "Men's Health and Wellbeing Policy Reference Group" representing males living in regional, rural and remote areas. This policy development represents a roadmap for healthier Western Australian men and boys. The final draft of the WA Men's Health and Wellbeing Policy is before the Minister and will be launched during Men's health Week 10-16th June 2019. Once we know details, they will be put up on our web site.
